A modern kitchen and dining area featuring Aristokraft PureStyle furniture. The space includes a large wooden dining table with grey legs, a grey kitchen island with a wooden countertop, and grey upper and lower cabinets with brass handles. A three-bulb brass pendant light hangs over the table. The background wall is white brick, and the floor is light wood. A grey rug is in the foreground.

PureStyle™ Guide

# WHAT IS PURESTYLE™?

PureStyle finishes mimic the fresh, clean look of paint while offering additional benefits making them ideal for the hub of the busiest homes.

## STRONG AND DURABLE

Individually wrapped door and drawer front components reduce the ability for moisture to enter, making PureStyle perfect for kitchens, bathrooms, and other areas prone to water splashes and high humidity. With PureStyle, there is less worry about the warping, expansion, contraction, open joints and cracked finishes sometimes associated with painted cabinetry.

## CLEANS UP IN A SNAP

Dirty little fingers? Avid (but messy) chef? Friends who like to craft at your place? Family pet? A clean cloth dampened with a solution of 5% dish soap and 95% water is all it takes to clean PureStyle cabinetry. Dry with a clean, soft cloth.

## AMAZING FINISH

PureStyle finishes are designed for the long haul, with amazing resistance to scratching, fading, dents and surface water. Since there is no wood grain to contend with, the finish color is more consistent from cabinet to cabinet, and will suffer fewer visible changes as a result of use and aging.

## A PROVEN PERFORMER

Like all Aristokraft products, PureStyle finishes have been subjected to rigorous KCMA performance tests and have met or exceeded all certification requirements. With its sturdy door and drawer construction, on-trend door style offering, and durable, easy-to-clean surface, PureStyle delivers fashion without the fuss.
